

cargo trikes

the toughest work trike
made in America

WAREHOUSE • VENDING • MAINTENANCE • DELIVERY • MARKETING

When we set out to design the Coaster Cargo line, we built upon our many years of experience in the pedicab industry. As both operators and manufacturers of Coaster Pedicab, we are intimately familiar with owning, running, and maintaining three-wheeled vehicles and we've put that experience to work in our Coaster Cargo trikes.

The result is a durable, extremely well-built, and easy-to-maintain cargo vehicle that will provide many years of quality service. Built right here in the USA, Coaster Cargo trikes are the perfect intersection of design expertise, quality craftsmanship and riding enjoyment.

The Coaster Cargo Line is available in two sizes: the Full and the Mini.

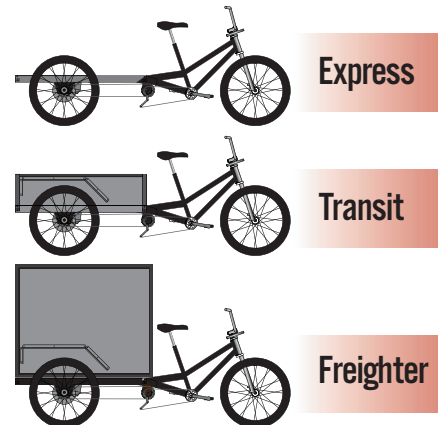

The **Cargo Full** models are 50" wide x 108" long and is available in a flatbed (*Express*), pickup bed (*Coaster Transit*), cargo box (*Freighter*), and vendor model (*Venture*).

The **Cargo Mini** measures 35" wide x 91" long and is available in a flatbed (*Mini Express*), pickup bed (*Mini Transit*), and vendor model (*Mini Venture*).

Coaster Cargo Mini Transit Model

Inexpensive to operate with endless possibilities for use.

Reduce labor costs by transporting your cargo quickly and efficiently—whether in a warehouse, on a campus, or around a large compound. Coaster Cargo trikes are a healthy alternative to gas or electric powered carts or other motorized transportation. It moves easily in and out of tight spaces, is completely quiet, and is non-polluting and environmentally-friendly.

No matter what your cargo needs are, Coaster has the answer. Solid, sturdy, fun to ride and built in Montana. Coaster Trikes are your three-wheeled workhorse.
