With more than a dozen years of owning and operating over 150 pedicabs nationwide, our desire for a "better pedicab" gave rise to our vision of a safe, sturdy and easy-to-maintain vehicle that could stand up to our demanding needs. Building upon our many miles of riding experience we designed a vehicle that could not only comfortably deliver people, but could also provide a high visibility opportunity for delivering strategic marketing messaging.

Dreamed up in Massachusetts, manufactured in Montana, and driven literally from coast to coast, The Coaster Pedicab brings to you a perfect intersection of design expertise, quality craftsmanship and enjoyable riding.

## We Invite Comparison to Other Pedicabs:

We believe we are the best built, most reliable, heavy duty pedicab anywhere out there. Period.

With features like a lower step height, heavy duty wheels/spokes, vertical storage bumpers, and highly visible polycarbonate advertising panels, the difference in quality of a Coaster Pedicab will be readily apparent. Engineered for an incomparably smooth ride, the Coaster Pedicab is built remarkably sturdy and built to last. Your upkeep and maintenance costs plummet while your ability to provide service soars. Should you need spare parts, they are affordable and readily available on our website.
