Drivetrain

Lightweight  
Aluminum Box

'Necessity is the mother of invention', so when our customers came to us asking for a pedal-powered vending solution, we built upon our years of experience in the pedicab industry to develop this sophisticated and sturdy, pedal-powered, mobile-shop. That gave birth to the **Coaster Venture**.

**Versatile and agile**, the Coaster Venture gets you right in front of your customers, allowing you to access tight spaces for transport and selling, while still rolling easily in and out of crowded festivals and events.

**The Venture is available in two sizes:** the Full and the Mini. The Full size model is 108" long by 50" wide, with 23 cubic feet of storage capacity. The Mini is 91" long x 35" wide, with 9.5 cubic feet of storage capacity. The Venture is also available with an umbrella option or with the tower and awning structure (Full Venture only.)

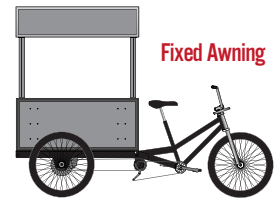

## Models:

### Mini Venture

Umbrella Optional

### Full Venture

Fixed Awning

Coaster Full Venture with Umbrella Option

Mini Venture

## Easy to Ride and Eye-Catching:

A 24-speed (3x8) drivetrain makes the journey to and from your destination comfortable and enjoyable. A parking brake lock keeps you in securely in place while parked. Additional options such as Bluetooth waterproof speaker system and umbrella enhance the experience.

The awning and box panels provide generous space for marketing and create a memorable brand presence that promotes long-term customer loyalty.

## Showcase Your Products and Your Brand!

The possibilities are as infinite and fun as your imagination. To get your entrepreneurial dream in gear, visit us at [CoasterCycles.com](http://CoasterCycles.com).
